FOR IMMEDIATE RELEASE

**Dave Steffen Band
Creates theme song for the World Race 2011 New York to Paris!**

Second Wind

In September of 2010, Jerry Price contacted Dave Steffen about writing a theme song for World Race 2011 - New York to Paris. The Dave Steffen Band is a favorite Wisconsin group known for their great job of telling the story in a catchy, and memorable way. Dave contacted a past band member and co-writer Michael Dellger to come up with the lyrics, while Dave put a driving beat to the music. ***Second Wind*** was born, and is sure to attract attention.

The Dave Steffen Band introduced the song for the first time this weekend. Calls from radio stations soon followed requesting to play the song, and interview Jerry & Dave.

Second Wind will soon be available on CD, and online at: www.worldrace2011.com
You may even hear it on your local radio station. (Yes, it's that good)
